

Oak Point Partners

chicago ■ new york

Jake Miller, Principal (Chicago)

Jake has over 15 years of principal investing and marketing experience. Prior to Oak Point, Jake was the founder and chief executive officer of the Infant Recognition Company. As CEO, Jake successfully took to market Baby Meets Family, the first customized

developmental video for young children.

Prior to Infant Recognition, Jake worked at American Airlines for seven years where he created and implemented the “More Room Throughout Coach” initiative. Jake graduated from Northwestern University where he was elected Team Captain of the varsity soccer team his senior year.

Jake is a volunteer soccer coach who tries to keep up with the kids, an enthusiastic golfer who recently fixed his slice (hopefully for good!), and a native of Memphis who loves a good BBQ sandwich and still struggles to cope with the Midwestern winters.

Oak Point Partners
1540 E. Dundee Rd.
Suite 240
Palatine, IL 60074

Brief Overview: Oak Point Partners purchases residual assets including those at the tail end of commercial bankruptcy cases. Trustees and Plan Administrators generate additional cash recovery for creditors by selling the rights to remaining “cats and dogs” in a bankruptcy estate to Oak Point for cash, even in situations without any known assets of value remaining. In addition to our catch-all Remnant Assets purchases, Oak Point also buys or gets hired on a contingency basis to collect portfolios of Default Judgments from Preference Claims, Highly-Aged Commercial Receivables, Claims in Class Action Settlements, and other types of residual assets.
